# **POLICE DEPARTMENT REPORT ACTIVITY - 1989**

Dog Complaints	29
Domestic	15
Motor Vehicle Accidents	23
Court Appearances	17

Both radars were put to good use this past year. The advantage of having two, one can be used while the other in Concord is being certified. Turn around time is about one month. We were very unfortunate to have four highway fatalities this past year. It is felt that with proper operation they could have been prevented.

We had a rash of burglaries this past year. For the most part it appeared to be the work of persons that wanted to destroy things as opposed to stealing things, such as shooting out the windows with a BB gun, chopping items with an axe, breaking pictures etc. If anyone has information on any of these items it would be appreciated and kept in strict confidence.

Again this year money earned thru the sale of pistol permits and firework permits was used to purchase a Panasonic Electronic typewriter. It does a much better job than the old cloth ribbon one.

Barry MacDonald was promoted to the rank of Sergeant this past year. We feel very fortunate to be able to have a Certified full time officer that can be used when it becomes necessary. Certifying a full time police officer now would cost a town at least \$3,000.00. Little did I realize when I first ran for this elective office in 1963 that tenure would be this long.

Respectfully submitted,  
JOHN H. MACDONALD  
Chief

# WARREN FIRE DEPARTMENT ANNUAL REPORT

This year I am proud to report the great progress of the Warren Fire Department and our members. The department members have gained much needed training in a variety of courses taught by the State of New Hampshire. Such courses as propane gas, forceable entry, ventilation, communications, fire behavior, fire suppression, water supply, self contained breathing, and pumps.

New equipment added to the department were a gas powered vent saw, fire/heat protected NOMEX hoods, and two portable radios used for fire ground communication.

We also have put a lot of time and effort into our new tank truck. This truck carries 1000 gallons of water, vent saw, portable water tank, S.C.B.A. packs, salvage tarps, hose and extra fire fighting gear. This truck allows fire fighters to continue to serve and protect the growing community.

Our goal for 1990 is to equip the new truck with a pump, also to extend our knowledge in training and preparation in fire fighting and rescue.

Respectfully,  
DAVID RIEL  
Fire Chief

# WARREN-WENTWORTH FAST SQUAD

## Annual Report for 1989

We have had a very busy year. Some of our calls this year were unfortunately multiple injuries related to motor vehicle accidents. They certainly took a toll on all of us. The only consolation we have is that it gives you a special feeling to know "what to do" in a given emergency situation. At this time, I would like to thank *all squad members* for their on call time and maintaining their certifications.

The Squad is always looking for day time coverage. If there is any interest, please call us. "WE NEED YOU".

With various donation money in memory of loved ones, we have been able to purchase the following equipment:

- PEDI Mast Trousers (Special thanks Phythian Sisters)
- 2 New Backboards
- New Oxygen Carrier for Portable O<sub>2</sub>
- New Radio System for Ambulance
- Portable Radio
- Mattress for the Stretcher
- 2 New Pagers
- Moulage Kit for Training

We have also updated our existing equipment: i.e. demand valve, EOA.

I would like to take this opportunity to thank you, our service area, for your generous support.

### **REPORT OF HOURLY WAGES FOR VILLAGE CEMETERY**

Jennie Heath	Bookkeeping	\$6.50
Donna Bagley	Bookkeeping	\$6.50
John Peck	Mowing	\$9.00
John Peck	Use of Mower	\$3.00
Chris Ball	Mowing	\$5.00
Loren Ball	Mowing	\$5.00
Scott Bloom	Mowing	\$5.00
Steven Erickson	Mowing	\$5.00
William Roberts	Mowing	\$5.00

I would like to thank all who offered their words of encouragement and praise whether in person or by letter. The cemeteries are still in need of a tremendous amount of work and repair. This is only possible with further time and monies. Presently there are some 92 trust funds paying for in excess of 530 cemetery lots to be maintained. The appropriations being sought are to lessen the burden on trust funds and to prompt people to start perpetual care if not in effect. The third new yard prices include perpetual care costs.

25 lots were donated with the approval of the Selectmen to the Warren VFW to establish a veterans memorial for any veteran and his or her spouse; excluding auxiliary members. Care and maintenance or the cost thereof is the responsibility of the VFW per deed requirements. This memorial is to be located on the left side of third new yard, Warren Village Cemetery.

Again I would like to thank the people of Warren and Glenclyff for your support.

Respectfully,  
JOHN D. PECK

# **MOUNT MOOSLEUAKKE HEALTH CENTER**

## **Report for 1989**

Once again this year has been one of great transition for the Center. At the end of May both Drs. Hernandez and Young left. We were very fortunate in having Dr. John Radebaugh start here at the Center September 28th. He is here Mondays, Thursdays and Fridays. Dr. John is Board certified in good offices of Dartmouth Medical School where he also teaches.

We are pleased to be able to offer a Women's Health Program which is supplied by Hitchcock Clinic. Our first Women's Clinic was held August 29th. A Clinic is now being held every Tuesday afternoon with either Charlotte Quimby CNM or Phyllis Long, CNM both of whom come with a Dartmouth Medical student.

The Trustees' Yard Sale and the Auxiliary's Penny Social still remain the Center's largest sources of income. Needless to say, donations and memorials also play an important part in the support of the Center and are most gratefully received.

The Board would like to take this opportunity to thank the towns of Warren, Wentworth and Rumney for their continuing support. Also, our thanks to Faith Mattison our Administrator, the Staff and all of the Volunteers who give so generously of their time.

The new schedule for the Doctor is as follows:

Monday	9:00 to 12:00	1:00 to 5:00
Thursday	9:00 to 12:00	1:00 to 5:00
Friday	10:00 to 12:00	1:00 to 5:00

The Women's Health Clinic is held every Tuesday from 1:00 to 5:00

# COTTAGE HOSPITAL

January 10, 1990

Board of Selectmen  
Town of Warren  
New Hampshire 03279

Dear Members of the Board:

Cottage Hospital is once again requesting your assistance in order to purchase equipment. This year we are asking that you appropriate \$500.00 toward the purchase of a new X-Ray Machine which must be replaced in fiscal year 1990.

The total purchase price of the Radiology Room is \$200,000. This new equipment will replace a unit that has been in continuous service for over twenty years. We will be able to reduce waiting time for patients and have an enhanced fluoroscopy capability.

During 1989, Cottage Hospital rendered services to 5 inpatients and 272 outpatients from the Town of Warren, out of a total of 785 inpatients and 15,670 outpatients respectively.

Sincerely,

David J. Moore

**GREATER WHITE MOUNTAIN CHAPTER  
OF THE AMERICAN RED CROSS**

November 20, 1989

Office of the Selectmen  
Town of Warren  
Route 25  
Warren, NH 03279

Dear Selectmen:

The Board of Directors of the Greater White Mountain Chapter of the American Red Cross respectfully requests your consideration for an appropriation in your 1990 Annual Town Budget for financial support of local American Red Cross services.

The territory covered by the Greater White Mountain Chapter has grown considerably during the last year. Enclosed you will find a copy of our 1989 annual report which lists all the towns, grants, and territories serviced by this chapter of the Red Cross. Also in the report is a history of the American Red Cross, our local chapter history, as well as all the services we provide to the communities in the jurisdiction of the Greater White Mountain Chapter.

It is our annual goal to raise \$30,000 for capital expansion/improvements and equipment maintenance and purchases. In 1990, we can meet this goal by receiving an appropriation of \$.30 per resident from the communities we serve. We ask this appropriation be restricted to the above mentioned projects.

We would be pleased to come before you to more fully discuss this request and to respond to any questions that you might have with reference to the American Red Cross. Your assistance in presenting our request through the proper process in your town will be greatly appreciated.

Sincerely,

Denise Beuparlant  
Executive Director

## **Disaster Services**

It is only human to assume disasters—floods, hurricanes, fires, or industrial accidents—always happen to other people. Although we do not live in an area prone to disasters, they can and do occur. A disaster plan is in place with trained volunteers ready to respond with shelter, food, clothing, medicine, and emergency first aid. Should local resources be inadequate, help can be quickly obtained from surrounding chapters at any hour of the day or night. Our disaster volunteers are a very dedicated group of individuals and should be commended for their assistance to victims, no matter what time of day. This past year, this chapter assisted 108 victims of disaster with a cost of well over \$10,000. Community residents receiving this assistance were from:

Belmont	17	Berlin	13	Campton	2
Laconia	56	Plymouth	4	Rumney	7
Warren	3	Wentworth	1	Wolfeboro area	5

## **Service to the Armed Forces**

Red Cross helps resolve a variety of crises. We have worldwide network enabling message transmission to all military installations, both land and sea. This network provides assistance not only to military personnel and their families but also to civilians in distress. Your chapter assisted 110 families this past year through our 24-hour-a-day service at an average cost of \$75.00 per case. A sincere thank you to the "Special People" who answer the telephone no matter what time of day or night. Families assisted this year are from the following communities:

Ashland	5	Belmont	3	Berlin	14
Campton	1	Colebrook	3	Gilford	4
Groton	1	Groveton	8	Laconia	20
Lancaster	9	Lisbon	1	Littleton	5

Wakefield	1	Warren	1	Whitefield	1
Wolfeboro	5	Assists to other NH Chapters			17

# SPEARE MEMORIAL HOSPITAL

Town Selectmen of Warren  
Warren, NH 03279

Dear Selectmen:

Past annual requests for Township support have addressed a number of significant advances during the modernization of our "not-for-profit" community hospital. That ambitious project, now completed, required 5 years. It was accomplished without disruption of services to inpatients and a growing number of outpatients. All were attended without undue difficulty or inconvenience. Speare Hospital is now positioned to serve the primary health care needs of this community. Services not previously available locally are now routine. This benefits patients from our vast seventeen (17) Town Community in Central NH. For the future we are determined to continue this type of high quality "state of the art" primary care.

To mention new services now available at the hospital, the addition of Dr. Robert Ort, Radiologist and Dr. Daniel O'Neill, Orthopedic Surgery, to our medical staff provides an immediate presence at the hospital of specialists of utmost importance in this rural area.

Care for the elderly increases rapidly for this community. A large percent of our patient census directly involves care for the aging population of our towns. Costs of caring for these patients has steadily increased —much faster than the rate of inflation. Reimbursement policies for such costs under Medicare and other social programs fall short at an alarming rate. Under the circumstances we continue to depend upon at least some support from each town. This symbolic limited assistance does a great deal to maintain and improve quality care.

Accordingly, we request that you include an Article in your Warrant for year 1990 for financial support to Speare Memorial Hospital. We hesitate to recommend a specific fair share amount. However, we would welcome a modest increase over 1989 when \$350 was suggested for consideration. For your information in 1989 there were 534 patients from Warren. Further details are available from Robert Ryan, Administrative Assistant, phone 536-1120, ext. 224.

Your continued interest and active support will help the hospital to accomplish it's mission. We want to continue to provide excellent a ffordable and preventative medical care to minimize hospitalization. Thank you for your interest and help.

Sincerely,  
EMIL VON ARX, JR.  
President, Board of Directors

# GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC.

December 11, 1989

Office of Selectmen  
Town of Warren  
Warren, NH 03279

Dear Sirs,

Grafton County Senior Citizens Council, Inc., is requesting an appropriation in the amount of \$721.00 from the Town of Warren for 1990. This represents a per capita amount of \$5.96 for each of the 121 Warren residents aged 60 and older.

During 1989, 59 elders from your community received congregate or home delivered meals through the Grafton County Senior Citizens Council, participated in our volunteer program, or used one or more of our other services designed to support the independence of older adults. GCSCC's cost to provide services for Warren residents in 1989 was \$14,749.39

Enclosed is a report detailing services provided to your community during the current fiscal year. Should you have questions or concerns about this report or our request, I would be most happy to meet with you to discuss our services in more detail.

We very much appreciate Warren's support and look forward to serving older individuals in your community this coming year.

Sincerely,

Carol W. Dustin, ACSW  
Executive Director

## MASCOMA HOME HEALTH SERVICES

Mascoma Home Health Services celebrated its 20th year of service this year. The agency has grown over the years in an attempt to meet the community health needs of the area as they have arisen. We have been pleased to have Warren as a member of our family of towns.

The agency personnel has worked closely with other human service organizations in the area in an effort to make the most effective use of all programs offered.

The Parenting Support Groups started in 1986 has been a strong link as has the Parent Aide/Outreach worker to the Well Child Clinic and Dental Clinic that was already offered by Mt. Mooselauke Health Center. The Parent Aide/Outreach Worker is available to make home visits to assist young families with learning to care for their children.

The Adult Home Health Care Program is also based primarily on home visits. The staff numbering 15 includes registered nurses, therapists, home health aides, homemakers and a social worker. Each has their role in helping individuals with some physical limitations to remain in their own homes.

Much of this would not be possible without the support from the town of Warren. On behalf of the Board of Directors and the staff we thank you for your help which is passed on to those in your community who need a helping hand.

Respectfully submitted,

## **1989 Director's Report**

November 17, 1989

Chairman  
Board of Selectmen  
Warren, NH 03279

Dear Selectmen:

This letter is intended to indicate our interest in being included in your Town Warrant for 1990. We are asking for a modest increase of five per cent (5%), the total request will be \$1046.48. Enclosed you will find the Director's Report summarizing some of our activities. Please feel free to address any questions or concerns you may have directly to me.

We are concerned about securing your support. Your citizens continue to utilize our services at an increasing rate. Last year, we saw 600 new cases in Mental Health. The percentage of insured individuals has not increased during the last four years. Finally, we are facing a decrease from the state of 7% to 12%. I recognize and respect that the demands on your tax dollars has also increased. We are all confronting the difficulty of managing under tight fiscal restraints. We would appreciate your consideration and support.

Sincerely,

Dennis C. MacKay  
Area Director

**PLYMOUTH AREA CRISIS SERVICES  
Task Force Against Domestic and Sexual Violence**

Budget Committee  
Selectmen's Office  
Town of Warren  
Warren, NH 03279

**Dear Budget Committee Members:**

On behalf of Plymouth Area Crisis Services (PACS), formerly the Plymouth Area Task Force Against Domestic Violence, I would like to thank you for your past support. During 1989, your contribution helped our organization to continue providing support to services to an ever-increasing number of clients. (The number of crisis line calls increased by over 20% in the last year.)

As you know, the organization was formed in 1981 by members of the community who saw a need for a group that could provide direct services to adult victims of domestic violence. Since that time, PACS' 25 volunteers have provided a 24-hour crisis line and a variety of other services for victims of domestic and now, sexual violence.

In 1990, PACS will open a shelter for victims of domestic and sexual violence and their families. The money for this acquisition was granted to PACS by the Division of Mental Health and Developmental Services. Once the shelter is operating, we will plan to begin providing services to children as well.

This year we are requesting \$300.00 from the town of Warren to further support our services to adult victims of domestic and sexual violence. It is our hope that we can continue to improve and expand future services to the community.

If you have any questions, or need further information, please contact me at the office.

Thank you again for your continued support.

Sincerely,

SUSAN L. STEIGER  
Administrative Director

## JOSEPH PATCH LIBRARY

Circulation for 1989 totaled 4,689 books, magazines, and video cassettes, an increase of 5% over the previous year. The figure includes 789 books that children from the Warren School borrowed during class visits in the spring and fall. There were 1,882 borrowers of whom 444 were school children. The breakdown on circulation is as follows:

Adult Books	Children's Books	Magazines	Audio Visuals
1,939	1,347	1,002	401

The library purchased 135 books with funds provided by the town, income from the Henry M. Bixby Fund (for children's books), other invested funds, a small state appropriation, fines, book sales, and cash gifts. The library also received many welcome gifts of books, 26 of which have been added to the collection, the balance being offered for sale. Magazine subscriptions total 28.

The Inter-Library Loan Service coordinated by the State Library serves as a valuable supplement to our collection. This past year special requests totaled well over one hundred. Materials received through the loan service included novels, mysteries, and children's books as well as information on such subjects as how to organize a small business, snowshoe construction, hyperactivity, the Shakers, and fashion history.

The Baker River Audio Visual Center, a service supported by Warren, Wentworth, and Rumney, owns and circulates a growing collection of non-commercial video cassettes. At any given time one third of the collection is available for overnight circulation at the Warren library, with the cassettes rotating each month among the three libraries. Our circulation of video cassettes has more than tripled in the past year. We have also circulated children's "talking books" borrowed from the center.

We continually seek to improve our service to the town. To this end we welcome your suggestions.

## **PEMI-BAKER SOLID WASTE DISTRICT Summary of 1989 Activity**

The Pemi-Baker Solid Waste District worked diligently throughout 1989. The North Country Council assisted the District with plans for future solid waste disposal. Under its newly developed organizational structure, the 53-B solid waste district completed the study of the proposed Rumney ashfill site, and an appraisal of the proposed Rumney and Plymouth disposal locations. The District also developed and distributed a Request for Proposal on the additional work needed at the Plymouth Incinerator. Based on the information gathered and the opinion of industry professionals, the District is investigating disposal options other than the incinerator. The District is attempting to develop a project that will involve the cooperation of the public sector and the District.

# **NORTH COUNTRY COUNCIL, INC.**

## **Annual Report**

The year 1989 marked the North Country Council's seventeenth year of successful operation. As chartered under NH RSA 36:45, the Council provides non-profit local and regional planning assistance to member municipalities. In addition to general planning services, the Council offers its constituents specialty services in cultural resource conservation, economic development, housing, natural resource management, solid waste management and transportation. The four standing Council committees, Economic Development, Housing, Land Use and Transportation, actively direct the Council's policies in these areas.

In WARREN, the Council provided planning assistance in reviewing the draft of the proposed master plan for conformance to state minimum requirements. The Council also prepared a Community Development Block Grant Housing Rehabilitation application, which was funded by the State. In addition, the Council administered the WARREN Housing Improvement Program, which is expected to rehabilitate housing units. In the area of solid waste, the Council coordinated the planning efforts for the Pemi-Baker Solid Waste District. In addition to organizing district meetings, NCC assisted the district in evaluating private landfill proposals and engineering proposals, and in preparing the district's 1990 budget. The Council also provided extensive technical assistance to individual municipalities on recycling.

Community planning challenges dominated the Council's 1989 agenda. Changing state mandates and furthered residential and commercial growth busied local planning and zoning boards throughout the year. The Council assisted these boards in preparing for the challenges through regional workshops, technical bulletins and newsletters and as needed assistance on technical and specific issues. The Council co-sponsored the popular Municipal Law Lecture Series which addressed new case law, grandfathering and the revised excavation statute. The Council also assisted numerous towns in revising zoning ordinances, sub-division regulations and site plan review regulations, thereby updating these regulations to better meet and manage the new challenges.

The Council's 1989 work program continued to promote community development projects, as well. Managing close to two million dollars in Community Development Block Grant monies, the Council administers programs in ten North Country communities. Many are housing improvement programs, yet others support sewer projects, day care development, and municipal water supply projects.

In summary, it is important to understand that the Council is organized to provide these valuable services for the benefit of our local town governments. The Council's continued success in meeting the ever-changing demands of the North Country is dependent upon the active participation of our members. We rely upon and enjoy your involvement as town officials and concerned citizens, and look forward to assisting you in this coming year.

# REPORT OF THE FOREST FIRE WARDEN & STATE FOREST RANGER

During the calendar year 1989, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, children and debris burning fires that escaped control. All these causes are preventable, but only with your help.

Please help your town and state forest fire officials with forest fire prevention. By New Hampshire State Law (RSA 224:27b), "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material, except when the ground is covered with snow, *without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done.*"

Violations of RSA 224:27 and the other burning laws of the State of New Hampshire are misdemeanors punishable by fine of up to \$1,000 and/or a year in jail and you are also liable for paying all fire suppression costs.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1989 including several large fires in Allenstown, Alton, Chesterfield, Concord areas, as well as the 100 acre fire on Mt. Belknap in Gilford.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or the Division of Forests and Lands at 271-2217.

## GRAFTON COUNTY COMMISSIONERS' 1989 REPORT

Unlike town and school budgets which are passed by local voters each March, the Grafton County fiscal year budget is passed by the 28-member Legislative Delegation in late June, and takes effect July 1st. The State Department of Revenue Administration determines each town's share of county taxes based on the town's proportion of total assessed valuation in the county. The town collects the tax for the county, so the town's property tax rate reflects its share of the county tax as well as town and school taxes.

In 1989 Grafton County's budget increased from \$10.01 million to \$ 11.2 million. The increase in the operating budget is mostly due to growing caseload and increased costs for Intermediate Nursing Home Care and the cost of staffing and operating the new jail wing. The good news is that the cost of court-ordered placements for juveniles has levelled off after increasing 160% from 1985 to 1989.

The amount of the county budget to be raised by property taxes increased from \$5.0 million to \$6.3 million, in large part because most of the 1988 surplus was used to pay for construction of the jail addition and because of increased costs of Intermediate Nursing Home Care payments to the State. It should be noted that 48.5% of the county tax collected from the towns is paid directly to the State for the county share of nursing home care, old age assistance, and aid to permanently and totally disabled.

The construction of a new 30-bed minimum security unit at the County Department of Corrections was completed in March of this year, and inmates were moved in during the first week in April. Thanks to the strong hands-on management and control by Supt. Bill Siegmund and Clerk of the Works Wayne Whitney, the county managed to complete the \$1.6 million project with a \$9,197 surplus. And by using \$500,000 in surplus funds as a down payment, we only bonded \$1.1 million.

Because of increasingly crowded conditions at the Grafton County Courthouse, the Commissioners are looking into both short- and long-range solutions to the county's space problems. Working with Samyn-D'Elia & Assoc. to develop plans and projected costs, we expect to present plans early in 1990 for possible cost effective, short-term solutions, including renovating the county owned duplex house.

The Commissioners are also anticipating changes in the overall management structure of the county next year with Administrator Siegmund's retirement in June. The Nursing Home Complex (the nursing

home, jail and farm) will be separated into three separate facilities with individual administrators. The Commissioners are considering the impact of this conversion on the county business office and overall county operations in order to ensure a successful response to the changes brought about by Mr. Siegmund's retirement.

The Grafton County Commissioners meet weekly on Wednesdays at the Grafton County Courthouse in North Haverhill. We encourage public attendance and welcome tours of our facilities. For further information, please call the Commissioners' Office at 787-6941 or contact Commissioners Betty Jo Taffe (Rumney), Everett Grass (Sugar Hill), or Gerard Zeiller (Lebanon).

## TRI-COUNTY COMMUNITY ACTION

Again this year, Tri-County Community Action Programs would like to request funding assistance for our Outreach Program in Warren in order to provide necessary social services. For 1990, we would like to request \$625.00 from your town.

Our Outreach Coordinator, Fran Rutst, Outreach Center have salary and office expenses paid for three (3) months of the year by the Fuel Assistance Program Grant that we receive. The funds to keep the local Outreach office open the nine (9) months of the year come from your town and those of your neighbors and some of the Community Services Block Grant funds received.

Because of the reduction in federal funds received for our Outreach Program, we are asking for your continued financial assistance with a modest increase. We are able to keep our request for funds from the towns modest, at this time, as a result of a small grant from the State of New Hampshire to assist homeless persons/families throughout the northern three counties.

In summary, this past year we have served 161 households of 323 people, in addition to assisting area families with approximately \$12,864.76 in direct services or products. Please see the attached information.

If you have any questions regarding these services or this request, I shall be glad to hear from you.

Sincerely,

Carleton R. Lord  
Outreach Director

HELEN G. GOODWIN  
Auditor

This past year has not been a good one for the commissioners. They have been faced with a problem of bacteria in our water and everyone was notified to boil their drinking water until further notice. The State of NH Department of Environmental Services has told them that a new well would have to be dug or a new chlorinating system with a back up would be installed before they would take them off the "boil order". At this time a new chlorinating system is being installed and hopefully, will be up and operating efficiently very soon.

With the cost of this new system, I feel that we are probably going to have to increase our water rents to pay for this.

**Warrant for the 1990**  
**Annual School District Meeting**

*To the Inhabitants of the School District of Warren, in the county of Grafton, State of New Hampshire, qualified to vote on District affairs;*

You are hereby notified to meet at the Warren Town Hall in said District on the 10th day of March 1990, at 7:00 o'clock in the afternoon to act upon the following subjects.

**Article 1:** To see if the Warren School District will vote to raise and appropriate the sum of \$498,500 for the purpose of constructing additions and making renovations to the Warren Village School, situated on real estate owned by the District and, further for the purpose of completing site development, paying architectural and other fees, for the purchase of new equipment and furnishings, and for any other items incidental to or necessary for said construction and renovations; and that said appropriation be raised by the issuance and sale of bonds or notes on the credit of the Warren School District in accordance with the provisions RSA Chapter 33, as amended; and that the school board be authorized to invest said monies and to use the interest earned thereon for said project, and to authorize the school board to obtain state and any other aid which may be or become available and to authorize the Warren School Board to determine the time and place of payments of principal and interest, the rate of interest, the provision for the sale of notes and/or bonds and all other matters in connection therewith; or to take any other action relative thereto.

**Article 2:** To see if the District will vote to authorize the Warren School Board to expend the sum of \$26,0000 from the Capital Reserve Fund for the purpose of making additions and renovations to the Warren Village School and to authorize and direct the Trustees of the Trust Funds for the Warren School District to pay over to the Warren School Board the sum of \$26,000 from said Capital Reserve Fund, all in accordance with RSA 35:15-18.

**Article 3:** To hear reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

**Article 4:** To choose Agents and Committees in relation to any subject embraced in this warrant.

**Article 5:** To see if the District will vote to authorize the application of any unanticipated income to expenses.

**Article 6:** To see if the District will vote to authorize the School Board

to make application for, to receive and accept on behalf of the School District such advances, grants-in-aid, or any other funds for educational purposes as may now or here after be available or forthcoming from the United States Government, the State of New Hampshire, or any of its municipalities, or any other state or federal agency and to expend the same in accordance with RSA 198:20-b (Supp.).

**Article 7:** To see if the district will elect to approve inclusion of its employees other than those eligible under the Teachers Retirement System in the Employees' Retirement System of the State of New Hampshire, which system is provided for by RSA ch. 100-A.

## REPORT OF THE SCHOOL NURSE

The School Nurse was present in the school one day per week for five hours. There were no accidents which resulted in major injuries to children, but 70 children were seen by the school aide and/or school nurse for assessment of minor illness and injuries during the year.

Warren Village School population was 68 students, and all health records were reviewed. All but one was found to be adequate. One student had a religious exemption from immunizations, after she had most of the immunizations.

Sixty-eight students were screened for vision problems with the Sneller vision chart at 20 feet. This is only minimal screening as there was not a more accurate and comprehensive screening apparatus available. Several students were referred for further professional testing.

Sixty-seven students were screened for hearing problems with the audiometer borrowed from Woodsville Elementary school, with one referral for further professional testing.

Seventeen students, those in the fifth and sixth grades, were screened for scoliosis, with five showing some minor changes. They will be observed again for further changes.

All school students were weighed and measured. Thirty students, those in the third, through the sixth grades, had blood pressure and pulse taken. And twenty students in the third and sixth grades were examined by Dr. Kevin Young at the Mt. Moosilauke Health Center.

The most time consuming project of the year was Pediculosis head checks. All students in the school were checked 8 times - each time there was a reported outbreak from a nearby school, or any positive results from parents or teacher referrals. Included in the above number is the number of head checks done upon return from vacation. There were 9 positive cases of Pediculosis, all were adequately treated.

There were 8 cases of a communicable disease reported to the state epidemiologist. Approximately 15 hours were spent, during the entire year, by the nurse in Health Promotion/Teaching, the emphasis of these classes was in nutrition, drug abuse, and AIDS teaching.

There were approximately 15 parent contacts by note or phone and 3 home visits made by the nurse.

I also participated in 2 school nurse meetings at Woodsville Elementary, where the policy for chronic communicable disease was formulated.

I have run into some problems with health screenings in the past two years. One is lack of equipment. Because other school nurses are using their equipment, it has been necessary to wait until the end of the year to borrow the audiometer and vision tester. With the Sneller Letter chart at 20 feet, I can screen for only distance vision problems, children who do not know their letters cannot be screened. Many children with near vision problems will be missed. By waiting until the end of the year for hearing screening, children who are having problems will deteriorate by longer waiting to discover them.

The other major problem, when screening for health problems, is the lack of privacy. Even with the audiometer, lack of a quiet place for screening causes the results to often be wrong, resulting in over referrals, or under referrals. Also, by checking heads for Pediculosis in an open place, everyone knows which children are positive, depriving them of their right to privacy.

Respectfully submitted,  
PAULA BAKER, R.N.  
School Nurse

# SCHOOL ADMINISTRATIVE UNIT #23

## Report of Superintendent's and Assistant Superintendent's Salaries

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire requires that school district annual reports show the total amount paid to the Superintendent and Assistant Superintendents.

One-half of the School Administrative Unit expenses is prorated among the several school districts of the Unit on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30. The Superintendent of SAU #23 during the 1989-90 school year will receive a salary of \$62,964.00 prorated among the several school districts. The Assistant Superintendents will receive salaries of \$49,277.00 and \$46,000.00 prorated among the several school districts.

The table below shows the proration of salaries to each school district:

## SUPERINTENDENT'S REPORT

To the School Board and voters of the Warren School District, I submit my third annual report.

This past year has been an exciting and challenging one. Challenging because of space limitations and a 60% turn over in staff and exciting because of the enthusiasm and new ideas that new faculty bring to a school. Our administration, faculty and staff have worked hard to maintain a quality education environment and make the Warren Village School a supportive and exciting place for students.

Space limitations and an increasing population continue to be of concern. The School Board, at the March School District meeting, will present a \$498,500 bond issue to add four classrooms and a multi-purpose room to the present facility. This addition will meet existing space needs and should the Warren School District well into the 21st century. We ask for your consideration and support at the March meeting.

The School Administrative Unit has been working on a number of short term and long range goals and objectives. These include the revision and/or development of school board policies, formulating SAU curriculum committees to develop written K-12 curriculum and assisting the school boards in Haverhill, Lincoln-Woodstock, Monroe, Piermont, and Warren to develop building proposals. The SAU school board's policy committee has been meeting monthly and the SAU curriculum committee developed a Curriculum Philosophy and Curriculum Goals and Objectives which were adopted by the SAU Board. The curriculum committee is now starting the process of organizing subcommittees to work on instructional goals and objectives in each academic area.

In closing I would like to recognize Mr. Bruce Chase who is retiring at the end of the year. Mr. Chase has served for the past five years as Chapter I Coordinator and prior to joining the SAU staff served for twenty-two years as a teacher and guidance counselor for the Lincoln-Woodstock Cooperative School District. We wish Bruce a happy and healthy retirement.

I would like to take this opportunity to thank the school board, faculty, parents and members of the community for your support of our schools. I would also like to thank our administration, faculty and support staff for their commitment to our schools. Working together we will continue to strive to make our schools an even better place for children.

Respectfully submitted,  
DOUGLAS B. McDONALD, Ed.D.  
Superintendent of Schools

# REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

I herewith submit my second report to the voters of the Warren School District.

This year the staff has expended considerable time on reviewing our performance on the California Achievement Test and are undertaking the necessary steps to make sure that our basic instruction is appropriate and meaningful.

This year we have three additions to the teaching staff. Mr. Roger Collette has joined us to teach a 3rd - 4th combined grade class. Mr. Collette comes to us with many years of teaching experience in Rhode Island. Mrs. Laurie Warren has joined us to teach a 2nd - 3rd combined grade class. Mrs. Warren comes to us with teaching experience in Maine, Massachusetts, and New Hampshire. Ms. Cerise Bienvenue has joined us as our Chapter I and Special Education Teacher. Mrs. Bienvenue formerly taught in Vermont. Mr. St. George is now in his 4th year at the Warren Village School as our Building Administrator and Grade 5 - 6th combined teacher. Mrs. Elizabeth Patridge is also in her 4th year of teaching at the Warren Village School. We are fortunate to have Mrs. Patridge teaching our first grade students as she is a very capable teacher.

Additionally, Vicki Libby and Kathy Oikle have served as instructional aides for us. Both are extremely capable people and greatly assist the programming in the school.

The school district has also been well served by our 1988-89 Food Service Staff, Marjorie Bancroft and Pamela Cummings. This year Susan Gogan has replaced Pamela Cummings. School custodian duties have been well served by Debbie Wetherbee in 1988-89 and by Janice Sackett in 1989-90.

Warren is fortunate to have many fine professionals serving the needs of the students. The staff is constantly working on ways to improve our educational service.

Once again, this year the Warren School Board and Building Committee will be bringing forth a proposal for a bond issue. The school population has continued to grow during the last few years and our facilities are becoming very crowded. Also, we must address needs to make our facilities handicapped accessible and meet all life and safety codes. As one of your school administrators, I would ask you to support this year's proposal which will meet our educational and safety needs now and in the future. I fully realize that this places and additional tax

burden on the community. However, we need a facility that will meet the communities continued needs.

I would like to thank Rev. Robert Silva and the Methodist Church who have continued to share their facility with us and Father Nolen and the parishioners of St. John Vianney for sharing the Parish House with us.

Additionally, I would like to thank the Warren School Board and community for their continued support. It is with great pleasure that I serve the Warren School District.

Respectfully submitted,  
KEITH M. PFEIFER  
Assistant Superintendent

## **PRINCIPAL'S REPORT – 1988-1989**

I would like to begin this report to inform the people of Warren of some of the positive things that have happened in our school system in the past few years.

The Reading Curriculum has been updated as well as the Language and Math Curriculum. New textbooks have been bought for the children. The staff is presently working on updating the Social Studies texts, then Science and Health. This is to ensure that all textbooks will be up to date.

A monthly newspaper was prepared by the students. A student of the week award is presented to a deserving student. Some activities the children participated in were the Christmas program, Spring Concert, and Field Trips.

The School Administration of SAU #23 worked on a curriculum philosophy. The entire staff will assist in writing curriculum objectives.

In summary, the staff and myself hope to provide the children of Warren with a quality education.
